On January 31, 2010, Section IX-Philippine Islands launched a humanitarian project in close partnership with the Gawad Kalinga (GK) Movement. “Gawad Kalinga,” in the Filipino language, means “to give care.” The ICD-GK Project focuses on providing educational support to squatters or homeless people, helping them change their frame of mind and attain a stable occupation. In addition, it teaches them self-esteem and moral values. It is aimed at helping the uneducated and unskilled to learn a trade to be able to earn a decent living. Essentially, the Project gives the indigent the tools and the attitude to transform their lives and thus become useful and respected citizens.

The Project also seeks to stimulate the more successful members of communities to “get involved,” inculcating the “pleasure of giving and caring.” The ICD-GK Project brings out the best in all participating individuals, regardless their
intellectual, social or material condition. For more details, please refer to The Globe-2010, pages 26-27.

They were presented to the worldwide Fellowship in the January 2011 President’s Notes.
B. COMMITTEES, CHARGES AND LIASONS

By October 2010, Committee Chair, Committee members and Committee charges were in place. New this year was the assignment of a Liaison from the Executive Committee to each committee to serve as both a conduit and overseer.

C. PRESIDENT’S NOTES

By October 2010, the organization of the President’s Notes for the year – the subject content and order of appearance were in place. One of the year’s objectives was to take information about the College directly to the individual Fellow. The subjects for the year were: 1/11 – Welcome and Goals; 2/11 – Meaning of ICD Fellowship to me; 3/11 – Pathways to Fellowship; 4/11 – Leadership; 5/11 – Growth and Development; 6/11 – Mid-Year Report; 7/11 – Ethics; 8/11 – Humanitarianism; 9/11 – Professionalism; 10/11 – Philanthropy; 11/11 – Report to the International Council; and, 12/11 – Farewell and Year-End Report.

D. PRESIDENTIAL PROJECT VISUALIZATION – PROJECT 55

The ICD has about 140 projects around the world combining the totals from our Sections and Regions. The Sections will be asked to submit their best 5 projects from the last 5 years. They will then be summarized as to the genesis, history, actions and results of these projects and all will be listed in a document titled PROJECT 55. After completion, each Section will be sent a copy electronically and it will be posted on the ICD website (www.icd.org). It is designed to aid any Section or Region or individual Fellow looking for something new to try or something to consider and imitate.

E. PRESIDENTIAL ADDRESS AND INTERNATIONAL FELLOWSHIP ORIENTATION PROGRAM

Both my Presidential Address and the IFOP were completed by November, 2010, but both were customized for each Section visited prior to presentation. In my Presidential Address, I told a story of a magical tree – “The ICD Tree” and said:

- TREE OF KNOWLEDGE – Helping us share dental knowledge worldwide.
- TREE OF SERVICE – Helping us provide charitable works and humanitarian projects.
- TREE OF FRIENDSHIP – Helping us cultivate cordial relations within the profession.
- TREE OF INSIGHT – Helping us recognize distinguished service to the profession and the public.
- TREE OF STANDARDS – Helping us uphold the highest standards of professional competence and personal ethics.
- TREE OF LOVE – Helping us respect and understand one another regardless of age, gender, nationality, ethnic origin, language or culture.

The International Fellowship Orientation Program (IFOP) was an 80 slide PowerPoint customized presentation to acquaint new Fellows with their College.

F. TEAM LEADERSHIP MEETING

In December, 2010, the President, President-Elect and Vice President met for an Informal Team Leadership Meeting. Many items were discussed and plans made to take everything to the full Executive Committee. The genesis of this meeting, started in 2009 by Past President Manfred Seidemann, was to build continuity from year to year.

GOVERNANCE:

A. JANUARY 19-20 EXECUTIVE COMMITTEE (1)

The Executive Committee met in Washington, D.C. in mid-January 2011. The first meeting is designed as a planning meeting, outlining goals and objectives for the year, affirming assignments and dealing with policy decisions passed by the International Council the preceding fall. The ICD Treasurer, Clive Ross, of Auckland, New Zealand, attended the meeting virtually via Skype. He is overhauling our financial records. The Executive Committee also serves as a Central Office Review Board.

Significant Issues:

1. Approved Agenda Items:
   - The concept of an Editorial and Publication Resource Library for use by Section Editors.
   - Adopted a policy statement on the use of the term “Chinese Taipei” as the geographical designation for Section XII.
   - The title Secretary General is solely for the College at Large Chief Executive. The title for the Chief Executive of the Sections is Registrar.
• To recommend to the International Council a Strategic Planning Session for the 2012 Annual Meeting.

2. Secretary General J. Terrell (Terry) Hoffeld submitted his resignation at the conclusion of the Meeting. He agreed to remain in position until April 30, 2011 allowing time for the Executive Committee to fill the position.

3. College Vice President, Leon Aronson, was named to head a Search Committee.

He will also be in charge of our electronic newsletter, The College Today, and other publications.

B. JUNE 4 VIRTUAL EC MEETING (2)

Based on the successful use of Skype for the “virtual” attendance of ICD Treasurer Clive Ross during the 2011 Executive Committee, a “virtual” meeting of the entire Executive Committee was held. We focused on three areas” College at Large finances, International Council Committees status and new business which had surfaced since the beginning of the year. All in all, we dealt with 29 items. Secretary General Jack Hinterman provided a copy of the June EC meeting minutes to the Councilors in early July 2011.

C. NOVEMBER 10 EC MEETING (3)

The Executive Committee met to discuss those items of a complex or controversial nature for the purposes of Executive Committee understanding and efficient management of the Council Meeting.

D. NOVEMBER 11-12 INTERNATIONAL COUNCIL ANNUAL MEETING

The ICD Annual Meeting of the International Council was held in New Delhi, India, concurrently with the Section VI-India’s Annual Meeting. Additionally, Section VI-India sponsored a Global Dental Congress dovetailed with both meetings. Section VI hosted the Council to a welcoming reception and dinner the first evening (11-10-12) complete with welcoming gifts of an Indian shawl, Anthurium flower and a tilika (red dot on forehead). On 11-12-12 the Council was asked to attend the Inauguration (Opening Session) of the Global Dental Congress and later that second evening we were again their guests for dinner and a Cultural Event (Classical Indian Dance Program). We had two further functions with our hosts – a dinner at a local restaurant on the final day of the Annual Meeting (11-12-11) and the dinner following the Induction (11-13-11) at the Hotel LaLit. The India, Sri Lanka and Nepal Section is to be congratulated for serving as warm and gracious hosts during the 5+ days most of us spent in their country. They also provided a bus for all those who chose to visit the Taj Mahal in Agra, India. Many of us did and we all enjoyed the beauty of one of the Seven Wonders of the World.

The International Council business was addressed in a spirited but orderly manner. During the Strategic Thinking Session the subject of “Value of Fellowship” was fully discussed and will provide ideas for the College leadership to enhance this value for the next generation of Fellows. The Council adopted a new Logo for use by the CAL and the Sections in their correspondence initially with possible other uses in the future. This new Logo does not replace the key which is our traditional symbol. The Council also:

• Approved a balanced 2012 budget.
• Made positive decisions on our database system.
• Rescinded a 2010 decision on a fee for the Globe in hard copy to Life members.
• Forwarded many Governance changes to the 2012 Bylaws committee for consideration by next year’s Council.
• Councilor Woong Yang was elected Vice President of the CAL starting 1-1-12.
• Approved three Sections’ bids for hosting future Council Meetings: Chengdu, China in 2013; Australasia in 2012 (Auckland, NZ or Sydney, AU); Europe in 2015.
• Eliminated the position of Deputy Secretary General effective 12-31-12.

A. NOVEMBER 13 EC MEETING (4)
The Executive Committee met in an informational meeting the day after the International Council’s Annual Meeting to review the actions of the IC and to begin planning for the 2012 year.

VISITATIONS:
During the course of the year I was privileged to visit 8 Sections. They included in order of Visitation: Section XIV Myanmar; Section XIII-China; Section VII-Japan, Section XII-Chinese Taipei; Section XI-Korea; Section V-Europe; Section III-Mexico; Section I-United States of America; Section VI-India. Each visitation was very memorable. My hosts treated me as though I was visiting royalty, and I am most appreciative of all the gracious hospitality, wonderful entertainment, variety of cuisines and the friendships made. My participation varied from Section to Section, but in each case I presented my Presidential Message. During most visitations I presented a customized International Fellowship Orientation Program (IFOP), an 80 slide PowerPoint presentation to acquaint new Fellows with their College. I also participated in the Initiation Ceremonies and dined with the local Fellows at the Banquets following the Induction. I sent a similar IFOP to the Sections I could not personally visit as well as a CD of my Presidential Address.

GROWTH & DEVELOPMENT
Growth and Development is essential for our College if we are to remain the preeminent dental honorary organization. This includes both numeric growth of existing Sections and Regions and geographic expansion of the College into unserved areas of the world. Expansion work started by 2010 International President Manfred Seidemann, 2010/11 Growth and Development Chairman Cedric Haddad and others continued in 2011 and will reach fruition in early 2012 in Africa and Kazakhstan and Viet Nam.

PERSONAL RELATIONS WITH FELLOWS
• Letters of congratulations in Recognition of Fellows for outstanding accomplishments in 2011.
• Letters of condolences to families of ICD Fellows who passed away in 2011.
• Birthday Congratulations to Fellows in 2011 for whom we had E-mail addresses.

• Number of Fellowships granted in 2011 – 615
• Number of Master Fellowships granted in 2011 – 7

MAJOR ACCOMPLISHMENTS

  Meaning of ICD Fellowship to me; Pathways to Fellowship; Leadership; Ethics;
  Humanitarianism; Professionalism; Philanthropy.
• Presidential Address: The ICD Tree.
• Customized International Fellowship Orientation Program.

REFLECTION – OTTOFY, OKUMURA AND ME
I have wondered what our visionary founders would have to say if they could see the ICD today. I think they would be very pleased with the cordiality that exists today among dentists in all parts of the world. That was their first objective and it is still fundamental to the College. Similarly I think they would not be surprised by the continued emphasis on education. ICD Fellows and Sections worldwide continually provide opportunities for CE - offering the latest in dental research, clinical dental techniques and procedures and public health concepts. As the world’s dentists improve their knowledge, the public they serve is benefited as well, another of their goals. Of course, with globalization and the shrinking world, it is much easier to offer Continuing Education in a myriad of formats and venues. They might be a little surprised by the many and varied humanitarian projects being provided by ICD Fellows all over the world. Or would they? Humanitarianism is just a logical extension of education, after all - ICD Fellows offering humanity the benefits of their knowledge and living the Motto of the College: Recognizing Service and the Opportunity to Serve. I also feel they would be most pleased, if a little surprised, at the growth of the College.
The year is over, but the memories will last my lifetime. I have given the position of ICD President all that I had to give, met many wonderful people in many wonderful places and tried to convey the feelings of Pride, Honor and Sense of Ownership that I possess to all in the College. I hope I had some success.
