Guest Speaker

Frauke Müller is professor and chair for gerodontology and removable prosthodontics at the University of Geneva, Switzerland, since 2003. She graduated in dentistry from the University of Bonn, Germany and later worked in the University of Mainz. She further spent several years at the London Hospital Medical College, England in a research program in gerodontology. Professor Müller served on the board of many professional associations: German Society of Gerostomatology, European College of Gerodontology, Geriatric Oral Research Group of the IADR. She is Associate Editor of Gerodontology. Her research activities are mainly related to gerodontology, oral function as well as complete dentures.
