

INTERNATIONAL COLLEGE OF DENTISTS
Global Registry of ICD Projects

**“Project 55”
2014 Edition**

**A COMPILATION OF THE GLOBAL PROJECTS FROM THE
AUTONOMOUS SECTIONS OF THE COLLEGE.**

COMPILED BY THE PROJECTS COMMITTEE

Part of the Mission of ICD is “dedicated to ... the continued progress of the profession of dentistry for the benefit of all humankind.” Toward that goal, each of the autonomous Sections of the College create and sustain humanitarian, education, scholarship, recognition, leadership, international relations, and growth and development projects around the globe.

The compilation of each autonomous Sections’ top five projects of the past five years began as “Project 55”, initiated by 2011 Past President Charley Siroky, and has since been expanded to include all projects in the ICD worldwide.
