The 40 member International Council, governing body of the worldwide International College of Dentists, will meet from October 23-25, in International College of Dentists, will meet from October 23-25, in Sydney, Australia for three days of intensive discussions, deliberations and decision-making.

The International Councilors, representing 15 Sections of the College from every corner of the globe, and led by five International Officers, will participate in Council debates and dialog, committee meetings and a Strategic Thinking program. At the same time, the College will join with our host Section, Australasia, to celebrate their 50th Anniversary. A major feature of the annual face-to-face meeting is the opportunity for delegates to come together in both formal and informal venues to review the previous year's activities, exchange ideas and experiences with humanitarian and other philanthropic ICD programs while at the same time deciding on initiatives and directions that will guide the global organization for the coming year.

At the conclusion of the meeting, elections will be held for the 2015 International Officers.
