The International college of Dentists is a leading honorary organization dedicated to the recognition of outstanding professional achievements, meritorious service and to the practice of dentistry for the benefit of all humankind. The college was incorporated in Washington DC on July 9th, 1928. At present we have 14 sections all over the world and they include USA, Canada, Inter America (Mexico), South America, Europe, India, Japan, Australia, Philippines, Middle East, Korea, Taipei Section, China & Myanmar.

The India and Sri Lanka section which is section VI came into being on 1st January, 1964 on the initiation of the Padma Bhushan awardee, late Dr. R. Ahmed as an autonomous section. The college was termed as India Section of the International College of Dentists with Head Office at New Delhi. Nepal was added to this section in 2005. Our section has 5 zones to carry its activities. The International College of Dentists India, Sri Lanka and Nepal section has about 450 Masters and fellows.

The college awards fellowship to the Dentists who have brought honour to the profession through devoted service, high ethical behavior, and have made significant contributions by way of participation in social causes. ICD inducts fellows every year through a very stringent process where the candidates after putting in their applications are screened by a committee and later approved by the Board of Regents for Induction into the college. The induction takes place at a formal Convocation every Year.

As a member of the International College of Dentistry Section VI, I am happy to be associated with the prestigious honor society, which has seen about 100 years of successful existence. I am more elated to be trusted with a huge responsibility. I thank the office bearers for their trust and faith in me.

The world, more than ever, needs instant communication as well as need to be connected in real-time. Over the years, the method of communication has changed. In the era of social networks, the news/events of a chapter/zone get noticed only for a day or so after which it disappears from the sight and thought of many. The good deeds done under the banner of ICD should not be buried – but should be documented such that it is in memory of the members. This newsletter perhaps would turn as a tool to document the efforts of our members. Our section members are doing a wonderful job – especially in the era of the COVID-19 pandemic. I am happy that I am a tool in documenting the various contributions done by members/zonal reagents under the aegis of ICD.

I am sure that in days to come the members would find this as a one-stop center for looking into our section’s activities in the immediate and the distant past.

This inaugural edition has compiled the activities in the year 2020, which due to COVID-19, has seen a surge in online webinars and programs. All these living up to the ICD motto - Recognizing Service and the Opportunity to Serve.

It is interesting to see the members doing a tremendous job and hope that this spirit continues in the future too.
First of all, I thank you all from the Section VI for continued supports and enthusiastic contributions to ICD. And, Congratulations on your new publication of the Section VI Newsletter. I am very pleased and appreciated that the Section VI is now going to unite all fellows from the Section and enliven activities with the publishment. It is my great pleasure and honor to be given the opportunity greeting you all with this message.

Now we are facing the most difficult crisis, COVID-19 around all over the world. All ICD Sections and fellows have been impacted, and yet we have neve found the exits of such dark and huge long tunnel at any countries nor regions. As our investigations showed, most of the ICD Sections and fellows have been suffering from this crisis in not only medical care but also in economical, social situations. Dentists in many countries are still not allowed to open their clinics and not allowed to serve for the people caring of oral health.

I have been impacted so much that, even in this very difficult situation, the Section VI and many fellows from the Section have never suspended any activities of humanitarian services, exchanging scientific information nationally and internationally and so on. I believe these continuous positive responses and activities might encourage and lead other ICD Sections. All ICD fellows from all of the world understanding that issuing any periodicals journals and/or papers are very difficult in the world crisis, however they may be impressed to know the Section VI is going to publish this “E - Inaugural Newsletter” introducing Section activity and scientific commitment and information.

Unfortunately, ICD has been never allowed to hold the “Centennial Celebration Events” on November 13th, 2020 in Nagoya, Japan as planned. However, as strong efforts, supports and hopes, it is postponed to September 22nd, 2021 at the exactly the same venue, the Nagoya Tokyu Hotel <www.tokyuhotelsjapan.com/global/nagoya-h/> Nagoya, Japan. (International Council Meeting and some other group meetings will be also started at September 20th) Your all registrations and reservations have been made previously, they will be carried over to next year as they were. However, I recommend you that do visit our website: www.icd.org or www.icd100.org to confirm your registrations and reservations, and if you have never applied please do register it. Let us celebrate ICD “Bright and Proud 100 Year Birthday” at the birthplace, Japan together with all fellows under the “One Umbrella”! We are all fellows of “One Team” has “One Dream” I look forward to seeing you all from Section VI.
Dear Fellows of ICD Section VI:

It is my great pleasure to congratulate you on the presentation of the first issue of your wonderful electronic newsletter. Section VI, India, Sri Lanka and Nepal, has always been a leader in the presentation of evidence-based scientific research and a strong adaptor to current technologies. Your Section is to be commended for its efforts to engage and serve its Fellows and the patients that they serve during these difficult times. The compassionate and caring free dental services that your Fellows have provided during this terrible pandemic, at little or no cost to patients in need is both admirable and brave.

I was told on my first trip to India in 2011 that “In India, all things are possible.” My subsequent return trips confirmed that in my heart. The friendly, generous, hard-working spirit of the Fellows of Section VI is clear and obvious, judging by the many meaningful humanitarian and educational activities that they provide.

It is my sincere hope to be able to return to your Section one day, after the world returns to its “new normal”. I wish you well with this new and exciting innovation, ushering in a new era for a top-level publication that has been printed for over thirty years.

Joseph R. Kenneally,  
Secretary General  
ICD Worldwide
In Centurion Celebration of ICD India Section 6 feels proud to bring out the E-Newsletter. India Section 6 is amongst best section. I am very happy to be part of this Newsletter which is the best via media to share the information and refining the talent at Global level. I am very sure that information will be shared by National and International member’s of the ICD. I request all the fellows to send the various activity being conducted individually at the Zonal level to send it to the office so that they can be shared with the other fellows of the college.

I congratulate my dear colleague Dr. S.M. Balaji, well renowned Oral Maxillofacial surgeon to take the initiative for bringing out this publication. He is among finest surgeon and famous for working and providing his soulful services at a global level.

Dr. Anil Kohli
Executive Councilmen, ICD Section VI
Past President, ICD
India, Sri Lanka & Nepal Section

Message from Executive Councilmen

Dr. Anil Kohli
Executive Councilmen,
ICD Section VI
President's Message

International College of Dentists is a leading honorary dental organization dedicated to the recognition of outstanding Professional achievement, meritorious service and the continued progress of Dentistry for the benefit of all humankind.

We constantly need new members to replace those fellows who retire, go on the inactive list and non payment of their renewal fees, so I would request the members to keep looking for suitable candidates. Whenever we find someone, contact your zone Regents and he will tell you how to proceed further. We have already requested to conduct a Survey of our membership of ICD Section VI in each zone. Dr. Yogesh Virmani and Prof. Vijay Mathur will run this project. The survey will be electronic PLEASE respond to it.

We should also draft a strategic plan, where we want to have Specific aspirations and most importantly stating how we plan to get there and what tangible things we can do to support the College’s higher aspirations.

Since a long time our ICD Section VI By-laws have never been reviewed. In last virtual Board Meeting we have announced a committee to see the by-laws with Prof. Hari Parkash as its chairman and make necessary recommendations for the future planning.

The facts are that our ICD Section VI has meager financial resources for the activities, projects and service to humankind. We, board of regents should look into the matter.

I request fellows to express their ideas within newsletter or directly to any member of the Board of Regents, is also much encouraged.

The reality is that future will still remain uncertain. No one predicted COVID-19 outbreak in late 2019, although Bill Gates warned about the potential damage, the world would stand to face as a result of pandemic during TED TALK in 2015. We acknowledge the uncertain nature of ongoing COVID–19 pandemic and are growing interconnected and complex world to counter the situation. The qualities needs are flexibility, robustness and resilience to deal with unexpected future events and scenarios.

Dr. R.P. Gupta
President, ICD Section VI
Please find the enclosed a brief report for the various activities of International College of Dentists, Section VI held this year under the leadership of President Dr. R.P. Gupta. Despite of the Covid-19 pandemic, a lot of webinars were organized. President Dr. R.P. Gupta led from the front in the webinars and other activities.

**North Zone:**

January 30, 2020 Dr Kanupriya Kakar and Dr. Ashish Kakar conducted a Dental health and Diabetic HbA1c screening camp. The camp involved Dental screening of patients, distribution of toothpaste, toothbrushes along with educating patients with regards to oral hygiene. A free Diabetic HbA1c screening was also performed for some of the participating patients. They were counseled regarding oral care, diabetes and lifestyle changes. 175 screenings and examinations were performed under the ICD Section-VI. The camp was conducted at ‘Siddheshwar Mahadev Sanyas Ashram’ Hasanapur Depot, Delhi for all the underprivileged residents of the area and staff and visitors of the Ashram.

February 2, 2020: A Continuing Dental Education program on ‘Latest in Predictable Endodontics’ was organized at Chandigarh. Dr Rajiv Chugh, an eminent Endodontist was the guest speaker for the program.

March 5, 2020: International College of Dentist, Section VI in association with the Indian Dental Association, Chandigarh State Branch, celebrated International Women Day 2020 whereby week long activities were conducted at Chandigarh. The busy OPDs of Obstetrics and Gynaecology at all three major government hospitals of Chandigarh were focussed and an awareness program was organized on March 5th at Govt. Medical College and Hospital, Chandigarh, March 6th at PGIMER, Chandigarh and March 9th at Government Medical Hospital, Sec-16, Chandigarh. The team at these three hospitals was led by Fellows Dr Gurvanit Lehl, Dr Davinder Kumar and Dr. Aditi Kapur. The focus was on empowering women by increasing awareness about the importance of maternal as well as child oral health, to remove myths about oral healthcare and to stress upon proper oral hygiene and also the importance of oral friendly diet. Various activities were undertaken like health talks by eminent experts, panel discussion, posters, leaflet distribution on the theme ‘Mother’s oral health- A mirror to child’s health’ etc.

On March 7, a mega event was conducted at MCM DAV College for Women, Sector 36, Chandigarh. This event was attended by more than 250 women whereby training on self defence was imparted by the Women Protection Cell of Chandigarh Police.

On this occasion an oral health awareness, checkup and treatment camp was organized by the Oral Health Sciences Centre, PGIMER, Chandigarh, where a team of doctors had created awareness on the
common oral health problems, brushing techniques and preventive habits for better oral health. A routine check-up and appropriate referral for the treatment was given to those who visited the camp site. Treatment such as basic restorations, oral prophylaxis, pit & fissure sealant application, fluoride varnish application etc were also delivered.

This occasion was also taken as an opportunity to felicitate the women who had made a mark at this college and had put more than two decades of dedicated service. Dr. R.P. Gupta, President of the Chandigarh State Branch of IDA and ICD Section VI, while giving an overview of the activities of the association in the public domain, said that IDA as well as ICD are committed towards women empowerment and will continue their efforts in this direction.

May 31, 2020: Dr RP Gupta, President ICD addressed the National Summit on Tobacco control held on the occasion of the world no tobacco day.

August 2, 2020: Special Olympics Bharat & International College of Dentists Section VI - EKS Day Celebrations.

October 16, 2020: On the occasion of World Food Day, Indian Dental Association, Chandigarh State Branch & International College of Dentists donated dry food items (Biscuits, Mathi's, Gur Para's etc), Juice tetra packs & Personal hygiene Kits (Soap, Shampoo Pouches, Tooth Paste & Tooth Brush) along with medicines (Cough Syrups & Immunity Booster Herbal Product) to about 100 patients each of the COVID Care Centre's under Community Health Centre (CHC), Raipur Rani, Dist. Panchkula & Government Dispensary, Sector 12-A, Panchkula. These items were handed over to the SMO Incharge, CHC, Raipur Rani, Dr. Sanjeev Goyal & his team of doctors Dr. Goyal highly appreciated the gesture shown by ICD and IDA in collaboration with Rotary Club, Chandigarh Uptown.

This program was attended by Dr. R P Gupta, Dr. Varun Bajaj, Dr. Vijita Mehta, Dr. Jatinder Thind, Dr. Gursharandeep Singh, Dr. Sammerdeep Sodhi, BDS Student Amitoj Singh Dhamija & Rotarian Rajneesh Kapoor, Rotarian Rajinder Partap.

**Contribution of Fellows in the Covid Period:**

Prof. (Dr.) Mahesh Verma, Vice Chancellor, Guru Gobind Singh Indraprastha University:

Headed as Chairman of the Committee of five doctors constituted by Government of NCT of Delhi to submit a report on the following:-

- The preparedness of Delhi Government Hospitals to fight against COVID 19
- Is Delhi Government Hospitals are capable to take the responsibility of other state patients?
- How to strengthen Healthcare infrastructure under Government of NCT of Delhi

a) Appointed Key Member representative for the COVID Committee constituted by Ministry of Health, Government of India for inspection of 12 Government Hospitals. This has been going on since June 15th till date and more than 200 inspections has been done so far. This weekly activity is going on till the pandemic is over.

b) Entrusted with responsibility as Chairman of the Committee for recruitment and deployment of the required number of MD/MS/DNB AND Nursing Grads in various Delhi Government Hospitals for COVID.

Key Member of the Committee constituted by Government of NCT of Delhi vide their Order No. DIV COM/DDMA/00035786/350 Dated 11th June 2020 to assess the admission protocol in place of COVID 19 patients, functionality of associated medical equipment with the beds, HR issues, if any and efficacy of mortuary management apart from ascertaining the adequacy of the hospital beds.
Dr. Gurvanit Lehl:

During the COVID 19 Pandemic, Fellow Dr. Gurvanit Lehl, Chandigarh along with her colleagues had given the training of donning and doughing of the PPE kits for the Doctors and Paramedical staff. Her Junior residents and paramedical staff were also involved in the duty of sampling in the screening OPD and wards. Their training for sampling was done under her supervision and the ENT department. This initiative taken has proven to be of great service to society and the hospital. She, along with her team, have also been providing emergency services to the patients. They are also giving telemedicine and e-Sanjeevani services to the citizens. In this emphasize was laid on Preventive Oral Health Care during this pandemic.

Dr. Arpit Gupta:

*During the COVID 19 pandemic, undertook the following activities:*

a) Was nominated as the Convenor of the PGI Committee on COVID-19 prevention & IEC. Thereby he had initiated various steps for COVID-19 prevention like starting a dedicated PGI helpline for COVID-19, developing IEC material in the form of posters, information booklets, FAQs booklet, initiating a dedicated online COVID portal, developing guidelines for COVID-19 prevention among health professionals, providing training to the healthcare workers for COVID-19 prevention, conducting a series of 14 webinars for capacity building of medical workforce on various medical aspects during COVID-19 etc

b) Worked as a nodal person for teledentistry at the Oral Health Sciences Centre, PGIMER, Chandigarh

c) He Undertook an awareness session for Children with Special Healthcare needs in collaboration with Special Olympics Bharat.

Dr. Davinder Kumar:

Medical Officer, Chandigarh & a fellow ICD, is performing duties as a frontline warrior in COVID 19 isolation corona positive ward since March 21st 2020 and is still posted there. He has been managing the ward with corona positive patients where they are put on treatment and also taken care for there well being both physical and mental health. He Has been appreciated by the health department for his services.

Dr. Nidhi Kohli:

Worked as a volunteer for the National covid helpline *Project StepOne*

The helpline caters to *incoming citizen calls* from across India, who want to speak to a doctor for *COVID related symptoms/or other medical issues*, and seek guidance. In most cases, we need to diagnose them and advise them to *self-help*, based on the resources available at their disposal (Including testing, going to a CCC / Hospital).

The National Helpline, has been able to identify and help with multiple cases of Covid and other medical emergencies reported by common citizens from across the country to provide assistance and help to them. The helpline has been able to escalate *emergency cases* that require immediate action in various states for on-ground action for emergency cases based on our *current tie-ups with the state governments* via our Central escalation team. It has tie-ups with more than 10 state govs across India including Punjab, Delhi, Maharashtra, Jharkhand, Uttarakhand, Bihar, Nagaland, Karnataka and more.....

Recently this group *Project StepOne* was awarded the *’Special Jury Award’* at the *CSR Health Impact Awards - COVID-19 Edition 2020*!

The International College of Dentists, Section VI in association with the Indian Dental Association, Chandigarh successfully organised a webinar series on ‘Dentistry during COVID-19’ during May – June, 2020. The webinars were held with the special efforts of President Dr. R.P. Gupta and Dr. Arpit Gupta.

This series comprised of seven webinars in a row, focussing on varied aspects of oral health care delivery:

These webinars were delivered and moderated by eminent experts in their respective fields, including stalwarts - Dr R. K. Bali, Dr Anil Kohli, Prof. Hari Prakash, Prof. Krishan Gauba, Prof. Veena Jain, Prof. Sunjay Suri, Prof. Ajay Logani, Prof. Vijay Mathur, Prof. Vidya Rattan, Prof. Pravesh Mehra, Dr. Gunjan Pruthi, Prof. Balaji Manohar, Prof. Shaili Pradhan, Prof. Aman Bhatia, Dr Rakesh Gupta, Prof. Sonu Goel & Dr S.P. Aggarwal. More than 3,000 registrations were received and these events were joined live by more than 2000 participants. There was an overwhelming response not only from all parts of India but also from many countries like Nepal, Bangladesh, Sri Lanka, Afghanistan, Egypt, Saudi Arabia, Kuwait, South Africa, Nigeria, Myanmar, Canada, USA.

ICD Section VI 'Dentistry during COVID-19’ Webinar series has received Excellent anonymous feedbacks with a mean rating of 9.16±1.12 out of a maximum of 10. All these webinars have been uploaded on YouTube and are already viewed by more than 2,000 viewers. Here is a link to the YouTube channel- https://www.youtube.com/channel/UCEAE8Rmj74_iIvDvi-Iipbg.

**East Zone:**

ICD & IDA Chandigarh State Branch organised a Webinar Series 'Dentistry during COVID-19' in the months of May & June, 2020 which was attended live by more than 2000 participants from India, Sri Lanka, Nepal, Bangladesh, Afghanistan, Egypt, Saudi Arabia, Kuwait, South Africa, Nigeria, Myanmar, Canada & USA.
Excellent Anonymous Feedbacks with a mean rating of 9.16 ± 1.12 out of a maximum of 10 were received.
On the occasion of World Food Day (16/10/2020), International College of Dentists Section VI & Indian Dental Association, Chandigarh State Branch in collaboration with Rotary Club, Chandigarh Uptown donated dry food items, Juice Tetra Packs & Personal Hygiene Kits along with medicines for the Patients in COVID Care Centre's under Community Health Centre (CHC), Raipur Rani, District Panchkula & Government Dispensary, Sector 12-A, Panchkula.
The central zone conducted numerous activities which encompassed both academic and social activities. Broadly, scientific activities were in the form of Webinars year during the Covid-19 pandemic period commencing from mid March. Webinars were conducted as physical meetings were not possible. Till date we have conducted 9 webinars and plan for more.

Spearheading the show was the Zonal Regent Dr. D.N. Kapoor, assisted by Dr. Preeeti Bhardwaj as the Organizing Secretary and Dr. V.S. Kohli as the Deputy Regent.

The head office of ICD assisted us in these endeavours with active participation coming from Dr. R.P. Gupta, President ICD, Dr. Pradeep Jayna, Dr. Anil Kohli, Dr. Mahesh Verma, Dr. Rajiv Chugh, Secretary General ICD, Dr. Virmani, Dr. OP Kharbanda, Dr. Meera Verma, Dr. Vineeta Chugh and Dr. Sarvraj Kohli to name a few.

We are proud to say that we have a Central Zone WhatsApp group and all the members in the group are constantly informed of all the activities that are being done in the Central zone.

Since we have a group in addition to the office bearers, most of the members of central zone are also members of other organizations like Indian Dental Association-Agra, Jhansi, Jabalpur and members of the Indian Orthodontic Society, who were also involved in all the scientific activities.
