

International President Honors ICD Leaders Globally

Seven ICD Sections and two Regions have been graced with the presence of International President Rajesh Chandna since the beginning of his presidential term. Throughout his travels, President Chandna has recognized nearly 40 ICD leaders with prestigious awards. Among the award recipients are Fellows who have made significant contributions to ICD and dentistry, have completed important assignments for their

respective Sections or Regions, and have truly resembled the core values of the College. By honoring accomplished Fellows, President Chandna continues to encourage Fellows to share their stories, projects and accomplishments throughout the ICD worldwide family.

“Through experiencing the pride of Fellows around the world, it has been a year of interaction, camaraderie and understanding of fellowship values as the world’s most prestigious international dental honor society,” President Chandna commented on his presidential year.
